

Elektronika Sales Pvt. Ltd.

Leaders in Technology Distribution, Consolidation & kitting

LINE CARD

Serving more than 3000 customers across the World

Our Vision

Leading Distributor of Electronic Components by offering technology Solutions and establish global footprint through Mergers & Acquisitions

An ISO 9001:2015 Certified Company

Elektronika Sales Pvt. Ltd.

Leaders in Technology Distribution, Consolidation & kitting

SOLUTION SUPPORT

Electronics Design / Proto build / Software & firmware / Cloud Service
Concept to Product build & final Supply chain support is our serving

Technology competency & design services
Language: Embedded C / C++

Firmware : Bare Metal / RTOS/ Linux /Android
Platforms: 8~16Bit / Cortex 32Bit // BLE/Wifi/LoRA/
LTE / GPS/Ethernet / CAN/LIN

Focus Application support

- Automotive / Electric Vehicle
- Embedded / Industrial /Power
- Wireless/ IOT / Edge Connect

Embedded /Industrial / Edge - IOT / Power

- BLDC / Stabilizer / Appliances - Monitoring
- LTE / GPS / BLE / WiFi / LoRA
- Metering Devices / Gateway
- Sensors / Asset Tracker / Interface & Bridge devices
- Smart Home & Industrial
- LED Lighting / Mobile charger / SMPS

Vehicle - Eletrification

- EV Charger 1KW ~ 5KW
- TFT Cluster [BLE - RTOS / Android options]
- VTS Tracker 2G/4G with CAN Networking
- Motor Control 1KW~10KW
- DC - DC 10A/20A/30A
- Tier Pressure Monitoring system [TPMS]

Battery Management System [BMS]

- 7S~14S Automotive / Stationary Energy Storage
- 15S~28S Automotive / Stationary Energy Storage
- 7S~64S Master slave

With our rich component expertise :

- We support technology upgrades to provide right product to address future proof scalable solutions
- Expertise in making quick proto type & optimized design to realize product release to production
- Development in shortest lead time & enabling lowest development cost
- Design / development / Component supply chain is our offering

We also provide an end-to-end solution to develop your product. Starting from product ideas all the way through production. Our experienced hardware engineers can design your product which is robust and can sustain the business needs. We bring high quality and most optimised firmware expertise to the table which can solve the complex engineering problems and deliver solutions on time. Nevertheless, our IoT expertise takes care of cloud and web/ mobile applications which is the vital part of your growing business. Our offerings include

Other added value services we offer:

- Schematic design
- BOM Selection/ Optimization
- PCB layout design and fabrication
- Alpha Proto Build
- Firmware development
- Pilot prototype demo
- Small Batch/Volume Production/EMS
- Automated PCBA testing
- Box Build
- Harness Assembly
- Enclosure Design
- 3D Prototypes

Business Ethics and Values

- ❖ Customer's Satisfaction and delight
- ❖ Superior quality of performance
- ❖ Responsible and Committed
- ❖ Empower and Develop employees
- ❖ Passionate about excellence
- ❖ Confidentiality / Integrity/Transparency
- ❖ Professional Competency
- ❖ Respect one and all / Fair to all
- ❖ To provide a safe workplace and promote a healthy work environment.

Our Strengths

- ❖ Kitting and consolidation
- ❖ Top class warehouse and logistics facilities
- ❖ Established brand for the last 44 years
- ❖ Leading distributor in the Indian electronics industry
- ❖ In-house design capability
- ❖ 3000 satisfied customers
- ❖ Pan India presence
- ❖ 190 employees
- ❖ Supply in INR and USD
